### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Claims 1 – 20 are allowed. The prior art of record failed to teach a frequency shift keyed receiver capable of demodulating an incoming transmitted signal having a frequency discriminator that receives an incoming transmitted signal and said reference carrier frequency signal and generates a correction signal corresponding to a difference between a center frequency of said incoming transmitted signal and said actual frequency of said reference carrier frequency signal and a delta sigma modulator controlled by said correction signal operable to generate a sequence of integers having an average value over a defined time period, wherein said sequence of integers are applied to said control input of a frequency divider circuit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
